HOME OWNER'S MECHANICAL PERMIT

A permit may be issued to an owner/occupant of a single family dwelling. Before a permit will be issued, the homeowner must have the application approved by a mechanical inspector.

- 1 All work must be done by the permit holder.
- 2 An inspection by the mechanical inspector must be made on all piping before it is concealed by walls, ceiling, floors, dirt or concrete.
- 3 Heating installations may require air tests, which must be performed by the homeowner.
- 4 All extra inspections because of incorrect installations will cost \$58.00 (minimum) per inspection.
- 5 It is the permit holder's responsibility to notify the mechanical inspector at 266-9004 during office hours of 7:30 a.m. to 9:00 a.m., when ready for inspection.

HOME OWNER'S AFFIDAVIT

The undersigned certifies that he/she is the homesteader and occupant of the one or two family dwelling at _____ in Saint Paul and shall personally purchase all material and perform all labor in connection with the permit to do Gas, Refrigeration, or Hot Water (Boiler) Heating work in accordance with permit number _____
